P: 609-738-3143

E: ocaruso@carusoptrd.com
mwroblewski@carusoptrd.com

EVENT LOCATION: Laurita Winery, 85 Archertown Rd, New Egypt, NJ 08533

Dear _____,

On July 3rd 2020, a real life superhero left this world, and traded in his cape for wings.

Joe was a person who always believed in and encouraged everyone around him to be the best version of themselves. He always supported and welcomed everyone who has stepped into his life not just into his place of business, but into his family. No matter what battles he faced in his own world, his first thought was always, "How can I help?".

Not a day ever went by that a patient or member of the community didn't feel endless love and support; we are dedicated to helping Joseph Caruso's legend live on.

It is nothing short of a miracle to not only battle brain cancer for 13 years, but live a life of serving others in the process. Joe changed the world, defied the odds, and served as an inspirational husband, father, family member, mentor, friend, community servant, and beyond.

Although his physical presence has left the clinic and our lives, we know that we will continue to live out his mission, his purpose, and his passion through Caruso Physical Therapy and Nutrition.

September 24th, 2022, we have chosen to plan to do MORE; more for our community and more for those who have fought the same battle that Joe endured. We believe that our passion for achieving health in all aspects allows us to continue to fight this battle in honor of him with strength, courage, and love.

WE INVITE YOU TO JOIN US IN HONORING HIS LEGACY; HELP US KEEP THE FIGHTING SPIRIT AND AMBITION OF JOE ALIVE, AS WE TAKE ON OUR VERY FIRST ANNUAL WALK TO END BRAIN TUMORS THIS SEPTEMBER.

"The Musella Foundation For Brain Tumor Research & Information, Inc, a 501(c)3 nonprofit public charity dedicated to helping brain tumor patients through emotional and financial support, education, advocacy and raising money for brain tumor research. There is a Copayment Assistance Program available.

We have awarded over \$8.90 million (as of Nov 1, 2021) in direct patient assistance to help patients get the treatment they need!

We study brain tumor patients, what treatments they had and the outcomes. Our hope is to identify combinations of treatments that may work better (either longer survival times, or higher quality of life) than currently used treatments. We helped speed up the approval for Temodar. We helped convince Medicare to pay for Temodar. We convinced Medicare to pay for Gliadel. We helped get Avastin approved for brain tumors. Dr. Musella testified at the FDA hearing to help get Avastin, Optune and Gliolan approved! For more information, please see: <https://virtualtrials.org/index.cfm>

We are currently trying to get a bill passed that will greatly speed up the search for the cure and give brain tumor patients more treatment options quickly."

**Join Us at the Walk to End Brain Tumors
Saturday, September 24, 2022
11:00 AM
Laurita Winery: 85 Archertown Rd, New Egypt, NJ 08533**

We believe in our hearts that although his body may have departed from this world after a long, enduring battle with brain cancer, his soul and his passion live on through our actions.

Joe, thank you for being our role model all of these years. Thank you for being our rock. Thank you for changing our lives. Now, it's our turn to pass this on, and continue what this selfless man began. You will forever be our favorite superhero. It is our goal to continue to make you proud.

Sincerely,

Caruso Physical Therapy and Nutrition, LLC
